

Building & Leading Great Teams

Course Length: 6 hours (1 day)

This specially designed virtual live instructor-led course has been developed to help you navigate your new work-from-home environment.

This workshop will help you understand how to develop and lead teams to work collaboratively and guide them to the results they can achieve. This workshop is designed for participants who want to develop their team leadership skills and unleash the talent of their team members.

Team building lesson from geese:

“People who share a common direction, share a sense of togetherness and trust each other can get where they are going quicker and easier.”

Learning Objectives:

At the end of this workshop, you will be able to:

- Identify team social styles and motivators
- Build teamwork skills and collaboration
- Promote trust and rapport by cultivating team building activities
- Enhance your team’s capabilities towards achieving objectives
- Develop strategies for facilitating team dynamics

Target Student:

This course is for leaders and managers who want to develop their team leadership skills and
